

Awarding this Certificate of Achievement **CERTIFICATE OF INTERNSHIP COMPLETION**

We award this Certificate is Proudly Presented To

AMAN GOUR

For Successfully completed a **30-Days Cybersecurity Virtual Internship Programme** at **CyberWarLab** from **5 March 2026 to 5 April 2026**, demonstrating strong dedication towards learning and applying real-world cybersecurity practices

During the internship, the candidate actively worked on practical cybersecurity operations including **Vulnerability Assessment & Penetration Testing (VAPT), Capture The Flag (CTFs), Offensive Security, and Defensive Security operations**, gaining practical exposure to real-world cybersecurity environments, security testing methodologies, system analysis, and security monitoring. The internship reflects a clear commitment to protecting digital infrastructure and promoting cyber awareness in an evolving threat landscape

We congratulate the candidate on **successfully completing the internship** and for showing continued interest in the critical field of cybersecurity. Keep up the great work in strengthening security practices and contributing towards building a safer digital ecosystem. Your contribution throughout the internship at **CyberWarLab** has been valuable and commendable.
